CREATIVE TOOLS

Desk Samples Box

This Desk Sample Box has been carefully crafted to assist architects and designers during their creative journey and project development process. All the materials contained in both Samples Box and Suitcase were chosen from our Partners product catalogue, and it is possible to apply them onto LINVISIBLE's flush to the wall product lines.

Every sample of the collection has been selected to elucidate market trends, our varied offer of exclusive high quality materials, combinations and maximum personalisation capabilities.

The Desk Sample Box contains six folders and a compartment for LINVISIBLE's "More than Meets the Eye book" and "Light Catalogue".

This material box is composed by six macro folders:

GLASS & METAL

WOOD ESSENCE & VENEER

MARBLE

*SPECIAL MATERIALS | Matter paints, Wallpapers, etc.

LEATHER & ALCANTARA®

ALUMINIUM PROFILES

▲
For top retailers, sales agents,
architects and designers.

*The materials contained in this folder are not directly supplied by Linvisible, they must be procured by the client due to installation / application requirements. The samples are just to exemplify the available possibilities.

Technical specifications

Each of the macro folders holds inside slim folders, which contain between four and eight samples of the materials specified in the previous page, the quantity depends on their categorization and typology.

The Aluminium Profiles folder is the perfect addition to this creative tool, allowing to demonstrate the hidden technology of LINVISIBLE doors: the aluminium frame.

Each sample has engraved in the back its name and code, making it easier for the architect or designer to select the right material.

*The materials contained in these folders are not directly supplied by Linvisibile, they must be procured by the client due to installation / application requirements. The samples are just to exemplify the available possibilities.

The samples displayed on this box serve to have an idea of hues, veins, essences and textures, they are not reliable for reproduction, not binding for acceptance of our products and their availability subjected to the supplier's stock. Due to the natural origin and handmade characteristic of some materials, it may occur that, one sample may vary from another, even if it's the same supplier and product. The possibilities and variants of finishes, colours, etc. of the finishes applicable to LINVISIBILE products is not limited to this Samples Box and Suitcase, they are only a selection from unlimited possibilities. The applicability of some of the materials and finishes has to be verified in advance by our Technical Team, according to each product's characteristics, dimensions and weight.

Samples Suitcase

This Samples Suitcase was designed as a transportable alternative, making it easier to move it and bring the finishes to the clients. This creative tool contains a more reduced selection of the same materials displayed on the Desk Samples box.

It's composed by seven folders:
